## PROFESSIONAL SUMMARY

Software Developer dedicated to improving skills through hands-on learning and development work. Proficient in mobile and desktop development environments. Adept at using HTML5, JavaScript, CSS, React, Vue JS and other frameworks to produce clean code. Well-organized and collaborative team player with strong communication and analytical abilities.

## WORK HISTORY

**Software Developer Intern, 06/2023 - 01/2024**  
**OneGig, Remote Puerto Rico**

- Collaborated with team members to design, develop, and launch user-friendly software product.
- Enhanced application functionality by implementing new features and fixing bugs in existing code.
- Developed thorough understanding of software development life cycle through hands-on experience.
- Contributed to improving overall software quality by participating in code reviews and providing constructive feedback.
- Assisted in creation of comprehensive documentation for developers and end-users alike.
- Implemented test-driven development practices to ensure robust and reliable software solutions.
- Developed strong problem-solving skills by troubleshooting complex issues during internship period.
- Streamlined development processes by creating reusable components that could be shared across projects.
- Showcased excellent time management skills while juggling multiple tasks simultaneously under tight deadlines.
- Participated in brainstorming sessions to generate innovative ideas, leading to several successful project outcomes.
- Improved communication skills while presenting progress updates at weekly team meetings and maintaining clear lines of communication with colleagues.
- Assisted senior developers with debugging complex issues that arose during testing phase.
- Acquired knowledge about industry best practices concerning security measures when implementing new modules or modifying existing ones.
- Participated actively in peer-to-peer learning opportunities which helped expand personal skillset as well as foster collaborative work environment.

- Tailwind
- Python
- Javascript
- JQuery
- JSX
- Typescript
- React JS
- Vue Js
- WordPress
- Figma
- NoSQL
- SQL
- GIT & GitHub
- Software Development Life Cycle (SDLC)
- Object-Oriented Programming
- Front-end Frameworks
- Problem-Solving

- Demonstrated adaptability by swiftly learning and applying new technologies, tools, and methodologies as needed throughout internship period.
- Worked with developers to identify and remove software bugs.
- Delivered project reports and milestone updates to supervisor.
- Assisted with testing of client-server network components.
- Maintained strong knowledge of evolving technology trends.

## EDUCATION

## Certification, The Ultimate 2023 Fullstack Web Developer Bootcamp, 07/2023

Udemy - Online

Complete Web development bootcamp with the tools to prepare you for anything in this field.

- Advance HTML, CSS and Javascript
- jQuery
- React Js
- SQL
- Python
- Bootstrap
- Django
- Wagtail
- Tailwind
- API
- Git and Github
- Command Line

**Bachelor of Science, Computer Science, 05/2016**

Universidad Interamericana De Puerto Rico - San German

## CERTIFICATIONS

- Foundations of Cybersecurity, Google - 01/2024
- Play it Safe: Manage Security Risks, Google - 01/2024
- Connect and Protect: Networks and Network Security, Google - 01/2024
- Assets, Treats, and Vulnerabilities, Google - 01/2024
